

Instructions for sending your WILLA Literary Award entries:

- Go to your book's Amazon page
- Choose the eBook option
- Then, on the right, below purchasing options, is 'Buy for Others'. Click on that button.
- Choose the second option: 'We'll give you redemption links to send to your recipients'.
- Choose quantity of 3.
- On the right, push the 'place order' button.
- You will receive two emails from Amazon. One is your receipt for your records. The second will say, 'Now available' - click on that one.
- Click on the 'Manage eBooks' button at the bottom of the email.
- It will display your links to the books. **DO NOT OPEN THEM.** If you do, they're 'redeemed', and you won't be able to forward them.
- Click on the hyper link to the first copy on the right. This copies the link.
- Open a blank email and address it to the appropriate category coordinator.
- Paste the link for ALL 3 books in the email and send it.
- The category coordinator will email you to let you know your entry is complete.
